ProQuest offers researchers unique insight into Supreme Court records and briefs from 1975-present. The comprehensive collection offers researchers a single location for discovery of Supreme Court dockets, complete opinions, oral arguments, joint appendices and briefs, including those filed by amicus curiae. This user-friendly interface makes it possible to narrow searches within a specific case on a dynamic page. These case compilation pages are specially organized to maximize understanding of judicial process and to help users quickly identify content in Petition and Merit stages.

This collection is an invaluable resource for legal researchers, as well as academic researchers from many other disciplines, including law, political science, education, and more. Supreme Court Insight is a stand-alone product.

ProQuest Insight products include select collections of U.S. government documents with workflow tools to facilitate research, teaching, and learning involving historic and current legislative, judicial, and executive branch materials. Primary source content in each collection is compiled by our professional research staff and made accessible through a user-friendly, dynamic workspace allowing for easy, in-depth discovery. Existing and planned features offering interoperability between collections enhance the value of the individual collections, facilitating understanding of government processes and multiple viewpoints. The Insight product features empower users to focus on what really matters – achieving superior research results.
