Finding similar titles is easy to do in Books In Print. There are several ways to find the next great books based on your choices.....
The First Way to Find Similar Titles

Make your selection using the Popular Tags – on the home page; topic, genre, Character, setting, Time frame or Location.

Example: Selecting Small Towns- will bring back a page with titles containing “small towns” in the story settings. The word cloud on the right can help you drill down further or you can turn off this function.
Next select the title you are interested in to find out more information. To find similar titles, select the Similar Titles tab on the bottom left.

Selecting Similar Titles displays other titles you may like, as well as a deeper filtering option.
The Second Way to Find Similar Titles

From the Home page select the **Browse all settings** to select a topic alphabetically.
